

# Let's Explore Plants

Join fellow gardeners and plant lovers at the community table at Aurea Vista to learn about plants and the grand history of botanical art. Participants will learn about botany and botanical illustration through hands-on experiences and friendly conversation. Participants will begin their own personalized guide to plants and botanical illustration at the first gathering and will add new pages to their guides at subsequent gatherings. To register, please visit the Aurea Vista or call (951) 684-1500.
